# Amwins Benefits Retiree Healthcare

Confident Retiree Strategies, Simplified

## Who We Are

**Amwins Benefits | Retiree Healthcare partners with brokers to deliver sustainable, compliant, and cost-effective retiree healthcare solutions.**

With more than 30 years of experience and 900+ employer and labor group plan sponsors nationwide, we help clients protect retiree benefits while navigating Medicare with clarity and confidence.

Retiree healthcare is not an extension of active benefits; it's a specialty. Our dedicated focus on retiree populations provides brokers with trusted guidance across Medicare Advantage, Medicare Supplement, Part D, EGWP, RDS, and Ancillary solutions, helping reduce risk and bring confidence to even the most complex retiree conversations.

## Support that Goes Beyond Coverage

### ✓ Personalized Retiree Guidance

Licensed Benefit Specialists provide one-on-one support at no additional cost, helping retirees with Medicare decisions, Social Security questions, and supplemental coverage needs before and throughout retirement — reducing confusion and minimizing reliance on HR and plan administrators.

### ✓ Manage My Health™ Wellness Support

Retirees also have access to whole-person resources such as:

- 24/7 telemedicine with \$0 copay
- Counseling and intervention services
- Meal delivery for dietary needs
- Hearing and wellness programs

This added support helps reduce escalations while improving overall retiree well-being.

### ✓ A True Broker Partnership

We operate as an extension of the broker's team, providing implementation guidance, employer education, retiree communications, enrollment support, and ongoing strategic consultation. The broker remains the trusted advisor leading the client relationship — supported by our infrastructure and retiree expertise.

### ✓ Prepared for What's Next

As Medicare regulations and market dynamics evolve, we help brokers keep clients compliant, informed, and positioned for long-term success with strategies designed to scale as retiree populations change.

# End-to-End Retiree Healthcare Capabilities

Amwins Benefits delivers a fully integrated, all-inclusive retiree healthcare solution tailored to each client's unique needs. From strategy and placement to implementation, enrollment, billing, and ongoing administration, we manage every aspect of retiree healthcare — so brokers and employers don't have to. Our comprehensive approach allows you to offer a seamless retiree benefit experience while positioning Amwins Benefits as your trusted, single-source partner for retiree healthcare benefits.
