

AMWINS®

**SPECIAL RISK
UNDERWRITERS**

Special Risk Underwriters (SRU) is Amwins' in-house managing general agent (MGA). SRU gives Amwins brokers **exclusive access** to a portfolio of programs and products that can **help their clients win**. While our roots are in CAT-exposed property coverage, our expertise has expanded to include transportation and professional lines, giving more lines of business the opportunity to leverage this resource to secure quality underwriting solutions in a challenging market.

Amwins SRU Summer Internships

The Amwins SRU summer internship program exposes college students to commercial property underwriting while providing the opportunity to learn about the excess and surplus lines insurance industry. As an SRU summer intern, you will enhance the skills you are developing through your academic studies and gain valuable first-hand experience. Throughout the summer, interns will be assigned to a mentor and SRU team where you will learn directly from industry professionals. This internship will last **nine weeks** and is a **full-time** position.

What we are looking for

- Enrolled at an accredited college or university
- Pursuing a Business degree or a related program
- Recommended GPA of 3.0 or above

Amwins SRU Development Program

The Amwins SRU Development Program is designed to provide participants with comprehensive training and development for aspiring underwriters in the insurance industry. Associate underwriters will build advanced technical underwriting skills and be exposed to all elements of the Amwins Special Risk Underwriters programs. The SRUDP guides associate underwriters through an intensive three-year professional development program, in which candidates will participate in self-study coursework, technical and systems trainings, job shadowing and mentorship and networking within the industry.

What we are looking for

- Bachelor's degree within any business-related field
- New to the industry or possess less than 12 months of experience as an underwriting associate
- Strong potential for future leadership
- Highly motivated problem solver
- Receptive to feedback and focused on personal growth within the industry

The program will extend offers annually to qualified individuals who are prepared to demonstrate a commitment to learning and quality execution of underwriting judgement and guidelines. The SRU team has regional offices in the following locations:

- Atlanta, GA
- Birmingham, AL
- Charlotte, NC
- Chicago, IL
- Los Angeles, CA
