Big company resources, family company values

Our 50+ year heritage and the reputation we have earned for integrity continues as we bring on the future as Amwins Re.

Our service

With access to a worldwide web of reinsurance markets (100+), we are a team of highly experienced brokers and analysts.

We are familiar with all aspects of reinsurance, from traditional forms to alternative risk transfer solutions and parametric covers.

We advocate a holistic approach whereby Facultative and Treaty reinsurance are integrally assessed and tailored to match client requirements and expectations.

We analyse and model, design and broke prospective and retrospective bespoke reinsurance solutions to optimize client P&L protection, capital position and solvency ratio.

Our team

We are a global team of specialist brokers, with local knowledge and expertise, offering facultative and treaty solutions to a worldwide client base.

With a centralised back office for accounting, claims and administrative support in the UK, alongside actuarial analysts and cat & risk modelling hubs in the UK and US, we have the expertise and connections to secure solutions for challenging and complex risks.

Amwins Global Risks is the international division of Amwins, the largest specialty wholesale distributor in the world, which places more than \$40bn in annual premium. We place over \$3.5bn of that premium, bringing the market muscle and global reach required to find solutions for the most complex risks. With over 800 employees around the world, and a global footprint across more than 10 countries, we've cemented our place as a top 10 contributor to Lloyd's. We're one of the largest independent brokers – and the largest binding authority broker – in the London Market.
