Areas of expertise

Aviation

Major airlines, general aviation, major products manufacturers, repair and service companies, major governmental risks, worldwide helicopter fleets, war risks and a wide range of other aviation classes.

Financial Lines

PI, D&O, E&O, EPL, Crime and all associated cover for financial institutions and the professional services sector including emerging risks such as cyber liability.

Construction, Engineering & Renewable Energy

Civil engineering and erection projects, power stations, manufacturing and production plants and refineries.

Property

Protection for a wide range of industrial, residential and commercial assets against risk of damage and loss by natural causes (single perils or combined cover for earthquake, wind, flood and volcanic eruption) or man-made perils such as terrorism.

Special Risks

Cover for highly specialised sectors and classes which do not meet standard risk criteria and are difficult to place including accident & health cover and niche financial products such as mortgage impairment.

Cargo, Marine & Transportation

Protection & Indemnity, Marine Hull, Liability, War and Piracy, Cargo, Inland Marine, Ports, Terminals and Construction risks for direct, wholesale and reinsurance clients worldwide.

Fleet

Wholesale motor fleet risks from UK broker clients for difficult-to-place risk exposures including courier, haulage, bus and coach, self drive hire and taxis.

Reinsurance

Supporting businesses in their risk management through facultative and treaty reinsurance and alternative risk transfer solutions.

Energy

Operational and construction risks of upstream, midstream, downstream and renewable energy companies, including property, business interruption, operators extra expense and liability coverages relating to exploration, production, distribution, processing and refining operations.

Casualty/Liability

Protection for businesses against liabilities as a result of incidents involving property damage or injury to a third party.
