IMPORTANT INFORMATION

The Employers Liability (Compulsory Insurance) Regulations 1998 lay down certain obligations for employers and in particular the **Insured** should be aware of the following

Display of Certificates

The **Insurers** will provide the **Insured** with a Certificate of Employers Liability Insurance and this will state clearly the companies covered by it. The **Insured** must display either an original copy or make available a copy of the Certificate of Employers Liability Insurance in an electronic format at each **Premises** where the **Employees** can see it easily

Retention of Certificates

The Employers Liability (Compulsory Insurance Amendment) Regulations 2008 remove the requirement for the **Insured** to retain copies of Certificates of Employers Liability Insurance that have expired for at least 40 years. However it is still good business practice to retain the certificates because certain claims for example disease could be made many years after the disease is caused and if the insurers cannot be identified the **Insured** could be liable for payments
