

COVID-19 LEADS TO CYBERCRIME CHAOS

AmWINS
Brokerage

As working from home becomes the new norm, exposure to cybercrime has risen at an alarming rate. Personal home networks are much less secure than the organized network infrastructure used in offices. This has led to the daily number of cyber security complaints reported to the FBI increasing by over 300% since the start of the pandemic.

AMWINS' CYBER INSURANCE EXPERTISE

As a leading Cyber risk wholesaler, AmWINS partners with retailers to place the right level of Cyber insurance coverage for a wide range of account sizes and complexities – from small business to fortune 500.

VALUED-ADDED RESOURCES

We offer top risk evaluation tools and resources, including benchmarking. AmWINS' proprietary Cyber Benchmarking tool assists in making policy limit purchasing decisions by analyzing data from thousands of Cyber Liability placements made by AmWINS. The tool helps determine what limit and premium are reasonable relative to peer companies within a similar industry and revenue size. We can also supplement our own data with analytics from Advisen's Cyber OverVue.

PROPRIETARY CYBER INSURANCE PRODUCTS

Your clients need an insurance solution that's as unique as they are. That's why AmWINS offers numerous proprietary products that are tailored to the specific needs of niche industry groups as well as exclusive amendatory endorsements for any class of business.

EXCLUSIVE SOCIAL ENGINEERING SOLUTION

In partnership with AXIS, a leading Crime insurance carrier, AmWINS has developed a solution specifically tailored to address losses from social engineering attacks. This solution offers limits up to \$10M for social engineering (subject to underwriting criteria), policy language that responds to social engineering fraud losses, and free social engineering training for employees as well as a significant discount for higher level training from the world's largest security awareness training provider.

Silent Cyber Incidents: CyberUP is the market's first modern Cyber Umbrella policy designed to affirmatively protect insureds against silent cyber incidents. This exclusive policy provides coverage without overlapping other policies by dropping down to respond to a loss.

Small Cyber Accounts: AmWINS offers rapid quote capabilities for small Cyber accounts using various portals and rating tools. This includes CyberNow, which is an online portal that allows retailers to obtain their own admitted quote in under three minutes.

Contractors: Contractors Blueprint is a package policy designed specifically for the contracting sector that includes coverage for E&O, Pollution, EPL and Cyber exposures.

Film and Television Industry: Cyber product designed to address the financial impact associated with studio productions being leaked ahead of their scheduled release dates.

Hospitals, Healthcare Providers and State Hospital Associations: Exclusive cyber program with table-top risk assessment features unique to each insured, risk mitigation consultation, and a simple one-page application. Available to hospitals, healthcare providers and state hospital associations nationwide (admitted in most states).

Manufacturers: Manufacturers Blueprint is a package policy designed specifically for the manufacturing sector that includes coverage for E&O, Product Recall, EPL, Cyber, Media and Warranty exposures.

Premier – Special Healthcare Purchasing Group Program: Innovative insurance solutions and customized products and services for Premier members and the healthcare industry at large including Professional Liability, Data Privacy Liability, and Executive Liability.
