

# AMWINS<sup>®</sup>

PROGRAM UNDERWRITERS

## How do you know if an architects & engineers insurance policy is right for your client?

Architects & engineers professional liability coverage is broader than it sounds. If your client is involved in the construction or design of buildings or infrastructure, chances are they need this type of coverage. APU's A&E program offers professional liability coverage for architects, engineers and other design professionals with average annual revenues of at least \$100K.
