## Who we are

Amwins Specialty Casualty Solutions (ASCS) is an MGA and specialty insurance program creator. Through our differentiated and exclusive programs, we write approximately \$1 billion in annual premium for a select group of specialty niche industries.

Our exclusive Trucking Program offers a comprehensive set of products to cover a motor carrier's entire work-related injury exposure for both employees and independent contractors. The program provides total coverage for fleet workers' compensation, occupational accident, contingent liability and corporate workers compensation in a single program. Coverage is provided through an A- XII rated carrier and claims are managed by industry specialists. The minimum premium is \$50,000 and there is no max premium.
