

**EQUISURE**  
Protect Your Passion™

Equisure has opened our equine liability insurance products to Brokers and Agents!

Equisure was established in 1989 to develop and provide equine liability insurance products exclusively for members of a large, internationally known, Equine Association. We have sold the equine liability insurance products direct to individual members for the past 24 years and are *licensed in all 50 US States*. After much prodding by outside agents, we opened the equine insurance products to Brokers/Agents and are committed to growth in this area. And because this is a “niche” product there are no volume requirements.

So please share this information with your staff and/or associates and send your business our way!

WHAT WE DO:

Equisure provides insurance benefits to thousands of equestrians and associations. Providing the power of group purchasing to many equine trade associations and their members. Equisure has the ability to provide horse enthusiasts with comprehensive liability coverage with competitive premiums. Equisure is an innovative leader in the development, design and marketing of unique insurance products for the horse world today.
