

Livestock

A dedicated insurance solution offering animal mortality, disease, and transit coverage for several types of livestock-related risks

With over 30 years of experience protecting equine and canine risks, Equisure, part of the Amwins Underwriting division, has broadened their scope of offerings to include diverse types of livestock exposures. Equisure is known among the industry as the insurance provider that understands the passion, sport, and dedication of its insureds. The Livestock program is designed to offer your clients general and professional liability coverage for livestock-related facilities.

Program highlights
