An insurance program designed to offer easy access to combined professional and general liability coverage for self-employed oil & gas consultants

Amwins Program Underwriters offers an insurance solution dedicated to providing tailored coverage for self-employed oil & gas consultants engaged in non-manual work. The **Oil & Gas Consultants program** was developed in partnership with an A.M. Best rated “A” carrier partner and is available nationwide. The program’s team of specialized underwriters utilizes an online portal to issue real-time quotes for complete submissions. The streamlined program grants easy access to liability coverage, with the goal of helping oil and gas businesses maintain the safety and efficiency of their operations, while supporting the changing needs of the sector’s workforce.

Target accounts

Small independent companies offering non-manual consultancy work, including:

- Company men
- Project managers
- Data analysts
- Mud loggers
