Currently, the U.S. is looking at economic growth and an improving employment landscape, which has led to a resurgence in the Professional Employer Organizations (PEO) industry. While demand for PEO's is increasing, insurance carrier capacity is shrinking, as seen with the departure of some major carriers from the PEO workers' compensation market.

The resurgence of PEO's and dislocation in the market has led us to partner with multiple "A" rated carriers to develop and manage the most comprehensive PEO Workers' Compensation program available, AmWINS PEO COMPPLUS.

AmWINS is a full-service PEO program manager that specializes in workers' compensation and other select lines of coverage for our PEOs. We believe that our technology, coupled with the considerable PEO workers' compensation experience, makes our offerings in this space second to none. We are currently managing approximately 50 PEOs with more than \$130 million in premium and our PEO PORTALPLUS technology is now available.

### PROGRAM HIGHLIGHTS

- Full-service Program Administrator with access to national rated carriers
- Targeting specialty PEO retail agents
- Offering guaranteed cost, dividend, and loss sensitive program structures
- Unbundled claims admin options
- 24/7 on-line access to PEO PORTALPLUS

### PEO PORTALPLUS

Our continuously evolving PEO Portal is designed to provide:

- 24/7 access to all policy, client, payroll, premium and claims data
- Ability to independently pre-qualify prospects with non-binding underwriting & pricing indications
- Access to variety of modules and tool kits:
  - Policy Manager
  - Client Manager
  - BILLPLUS Tool for Payroll Reporting/Billing
  - QUOTEPLUS Application for Client Adds
  - Claims Manager
  - Reporting Center
  - Request Center

### TARGET MARKET

- Minimum premium of \$500K
- No start-ups or in business < 3 years
- Risks within Best Hazard 1-8 & NCCI HG A-F

### PROGRAM REQUIREMENTS
