Risk Management Training Courses

The RecycleGuard Insurance Program is pleased to offer on-line defensive driving courses to all current insureds. The risk management training system allows your employees to log-in and complete courses when time allows and at no cost to you. As we all know, good driving habits help avoid accidents.

Visit <http://lextrainer.puresafety.com> for an easy-to-use, automated risk management training library. Choose from a wide variety of general safety and driver training courses.

Examples of remedial training for your drivers include:

- Avoiding Rear-End Collisions
- Defensive Driving
- Hazards of Changing Lanes
- Hazards of Speeding
- Hazards of Tailgating
- Road Rage
- Safe Backing and Turning
- Stop Signs and Signals
